Summary

I am a Product Designer & Engineer. I love to interact with people to understand their expectations and unpleasant experiences from the products and use their insights to create simple and beautiful interfaces that have a high degree of usability. I design product concepts from prototyping to production.

Experience

Bengaluru, INDIA
May 2018 - Present

o9 Solutions — Senior Product Designer

Designed and prototyped dozens of widgets and features for web, mobile, and desktop applications by establishing a comprehensive design system that varied from small, one-week prototypes that explored specific interactions to large-scale, multi-month projects targeted for the launch.
